Installation and delivery services are AVAILABLE for all postcodes/areas in Brunei.

Great news! Due to popular demand, Gintell is expanding its delivery coverage to include more postcodes/areas in East Malaysia by hiring more third-party logistic service providers. Additional delivery surcharges will be imposed for these postcodes/areas which are out of Gintell's delivery coverage areas. The surcharge will vary according to the locations.

Upon receiving a delivery booking, Gintell will contact all customers to inform them of the additional delivery surcharge and obtain their agreement to proceed before confirming the delivery arrangements. The delivery surcharge amount is required to be paid to Gintell prior to delivery commencement. Cash on delivery (COD) payments are not recommended as third-party logistic service providers will be involved for these deliveries. Kindly share this with your customers. Thank you for your kind understanding.
