**GLISTER Multi-Action Fluoride Toothpaste**

## STRONG TEETH, BRILLIANT SMILE!

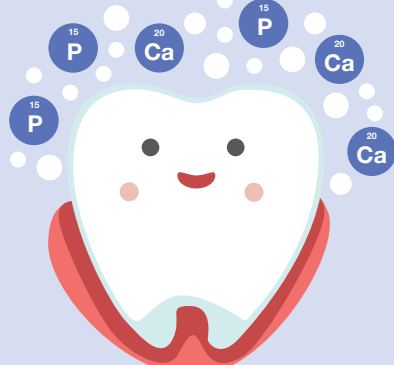

Formulated with specialised REMINACT™ Fluoride Formula for teeth so bright, they glisten!

### HOW DOES THE REMINACT FORMULA WORK?

#### Step 1

Acids in the tooth reduce the mineral content of teeth leading to early tooth decay.

#### Step 2

REMINACT Fluoride Formula replenishes teeth's essential natural minerals such as calcium and phosphorus.

#### Step 3

This results in stronger, healthier teeth.

### 1 FORMULA, MULTIPLE BENEFITS:

Fights cavities and removes plaque

Whitens and polishes teeth

Freshens breath with its minty scent

Promotes remineralisation to strengthen enamel

Polishing agent Hydrated Silica for gentle and effective cleaning
