Moldavian Dragonhead and
Red Orange Extracts**

Exclusively For Amway

Discover the beauty
benefits of Red Orange
Extracts^{1,2} today!

DISCLAIMER: This product does not claim to diagnose, treat, cure or prevent any disease.

You're beautiful in
your own skin!

However, **PHOTOAGEING**
happens to everyone,
all the time.

Dark spots

**Uneven
skin tone**

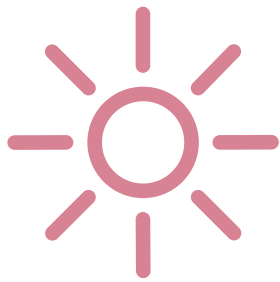

**Dull
complexion**

**Fine lines
and wrinkles**

**Did you know these are all
signs of photoageing?**

Photoageing refers to
premature ageing of the skin
caused by overexposure to
harmful ultraviolet (UV) rays.

Those who live in tropical
countries and/or spend plenty
of time outdoors on a daily
basis are at risk of photoageing.

Exposure to UV rays
generates reactive oxygen

The skin's melanocytes produce
excessive melanin

This causes skin pigmentation,
leading to dark spots and
uneven skin tone

How can you repair signs of PHOTOAGEING?

Take BRIGHT by Vital Treasures Botanical Beverage Mix Moldavian Dragonhead and Red Orange Extracts! Rich in antioxidants, this delicious powder:

1

Promotes a
Brighter Complexion

2

Enhances your Skin's
Natural Radiance

3

Protects against
UV damage

The secret lies in the Red Orange Extract

Extracted from the juice and peel of Sicilian blood orange varieties, including Moro, Tarocco and Sanguinello

Antioxidant-rich phytocomplex protects skin against oxidative stress and damage induced by UV rays^{1,2,4}

Studies have shown it:

- Improves uneven skin tone and reduces dullness
- Lightens dark spots for a more radiant complexion^{1,2}

But wait – there's more!

BRIGHT

by *Vital*
TREASURES

contains nourishing ingredients to beautify you from head to toe:

RED ORANGE EXTRACT
For bright, radiant skin^{1,2}

MOLDAVIAN DRAGONHEAD EXTRACT
For improved skin moisturisation and elasticity⁵
